RE: Joint Complete Product

Dear Sir or Madam:

As General Counsel for Nutramax Laboratories, Inc. ("Nutramax"), I am contacting you regarding certain avocado soybean unsaponifiable ("ASU") products being sold or otherwise distributed by Body Wise International, Inc. ("Body Wise") under the name Joint Complete.

Nutramax is the owner of the following patents:

(1) U.S. Patent No. 6,797,289 (the "'289 Patent"), **(2) U.S. Patent No. 8,753,697** (the "'697 Patent"), and **(3) Canadian Patent No. 2,333,755** (the "'755 Patent"), each entitled "Use of anabolic agents, anti-catabolic agents, antioxidant agents and analgesics for protection, treatment and repair of connective tissues in humans and animals." Copies of these patents are attached as *Exhibit A*.

According to the product specifications shown in *Exhibits B and C*, the Joint Complete product contains glucosamine, chondroitin, and avocado/soybean unsaponifiables. The patents owned by Nutramax contain claims that cover these combinations.

In particular, at least the following claims of the '289 Patent cover the identified combinations:

1. A composition for the treatment, repair or prevention of damage to connective tissue comprising: a synergistic combination of an aminosugar and avocado/soybean unsaponifiables.
2. The composition of claim 1, wherein the aminosugar is selected from the group consisting of glucosamine, glucosamine salts, and mixtures thereof.

Body Wise International, Inc.

September 10, 2018

Page 2

3. The composition of claim 2, wherein the glucosamine salt is selected from the group consisting of glucosamine hydrochloride, glucosamine sulfate, N-acetylglucosamine and salts thereof.

4. The composition of claim 1, wherein the synergistic combination is administered orally, sublingually, nasally, gutturally, rectally, transdermally, or parenterally.

Similarly, at least the following claims of the '697 Patent cover the identified combinations:

1. A composition comprising avocado/soybean unsaponifiables (ASU) and a glycosaminoglycan, wherein the ASU and the glycosaminoglycan are present in a synergistically effective amount.
4. The composition according to claim 1, wherein the glycosaminoglycan is chondroitin or a salt thereof, hyaluronic acid, or a mixture of these.
5. The composition according to claim 1, wherein the glycosaminoglycan is chondroitin sulfate.

Further, at least the following claims of the '755 Patent cover the identified combinations:

1. A composition for the treatment, repair or prevention of damage to connective tissue comprising: a synergistic combination of an aminosugar and avocado soybean unsaponifiables.
2. The composition of claim 1, wherein the aminosugar is glucosamine, glucosamine salts, or a mixture thereof.
3. The composition of claim 2, wherein the glucosamine salt is glucosamine hydrochloride, glucosamine sulfate, N-acetylglucosamine or a salt thereof.
4. The composition of claim 1, wherein the synergistic combination is in sublingually, nasally, gutturally, rectally, transdermally, or parenterally administrable form.

We wish to amicably resolve this matter. To this end, please contact me by September 17, 2018, and be prepared to provide the following:

- 1) Identification of the manufacturer of the aforementioned products and the ingredient suppliers; and
- 2) Disclosure of all information regarding manufacture and/or sale or distribution of any products containing ASU by Body Wise, including an accounting of the

Body Wise International, Inc.

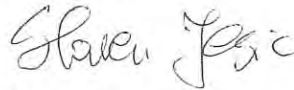

September 10, 2018

number of bottles sold, the countries in which the products are made and sold, and identification of retailers selling the product.

This letter does not constitute an exhaustive statement of Nutramax's legal position. Nothing contained in this letter is to be deemed or construed to be a waiver or relinquishment of any rights and remedies available to Nutramax, all of which are hereby expressly reserved.

Very truly yours,

Slaven Jesic
General Counsel

Super Cell®

- Energizes and protects every cell in your body*
- Antioxidant-rich blend supports immune health*
- Powered by whole food extracts

Ingredients

Supplement Facts

What's inside

Beta-Carotene, Vitamins C and E – Powerful antioxidants help protect the body from free radical damage.*

Pycnogenol® – Clinically studied antioxidant protection known for its anti-inflammatory properties and support of cardiovascular health.*

Powered By Nature – Grape skin extract, tomato, red wine concentrate, cayenne, citrus peel bioflavonoid complex, grape seed extract, natural mixed carotenoids, parsley leaf, beet fiber, kale leaf, broccoli, cabbage, spinach leaf, cauliflower, Brussels sprouts, cranberry juice, orange juice, apple, apple pectin, citrus pectin, peach, pineapple, and date fruit.

Magnesium and Potassium Asparates – Enhance endurance by combating the effects of ammonia that forms in the body during exercise.*

Pyruvic Acid (from Calcium Pyruvate) – Starts the Krebs Cycle by metabolizing carbohydrates so the body can produce adenosine triphosphate (ATP) during exercise to increase energy and lessen fatigue.*

D-Ribose – Promotes cellular energy in the heart and other muscles by accelerating the production of adenosine triphosphate (ATP).*
